21<sup>st</sup> January 2016

Dear Parents/Carers,

**Maths Presentation meetings**  
**Monday 1<sup>st</sup> February 2016**

I am writing to invite all parents and guardians to an informal presentation where I would like to share the school's approach to maths and, *in particular, to the four number operations: addition, subtraction, multiplication and division*. I will also discuss some of the relevant implications of the national curriculum for maths, which came into force from September 2014.

I will be running two, identical, presentations throughout the day, the first one will be from 9am until 10.30am and then the second will be from 1.30pm until 3pm. Refreshments will be served at both sessions.

I know that so many of you are keen to support your child at home and I hope that this provides you with the opportunity to do so. I hope to see lots of faces at the presentations!

In order for us to be able to cater for the people attending please could you complete the slip below and return to school as soon as possible if you are able to attend.

Yours sincerely,

Laura Bates  
Key Stage Two Teacher  
Maths Co-ordinator
