

Ancient Egypt

In Autumn 2019, Elephant class studied Ancient Egypt. We have read *There's a Pharaoh in our Bath* and *The Scarab's Secret* and wrote some fabulous diary entries, newspaper articles and narratives around these books.

Combining geography and Design Technology, we made our own 3D models based on our research of the River Nile.

We have also followed the mummifying process by mummifying our own tomatoes.

We also had a wonderful visit to Bolton museum where we stepped into an imitation of a tomb.
