Parental consent

Written permission from parents or carers will always be obtained before images and/or videos of children are taken, used or published.

Written parental consent will always be sought to take and use photographs offsite for professional, marketing and training purposes. This may be in addition to parental permission sought for onsite images.

Written consent from parents will be kept by the setting where children's images are used for publicity purposes, such as brochures or publications, until the image is no longer in use.

Parental permission will be sought on an annual basis as part of the new academic year student update process.

A record of all consent details will be kept securely on file. Should permission be withdrawn by parents/carers at any time, then all relevant images will be removed and disposed of and the record will be updated accordingly.

All images taken and processed by or on behalf of the school will take place using school provided equipment and devices.

All members of staff, including volunteers, will ensure that all images are available for scrutiny and will be able to justify any images in their possession.

Images will not be kept for longer than is to be considered necessary. A designated member of staff (DPO or DSL) will ensure that all photographs are permanently deleted from memory cards, computer hard and portable drives or other relevant devices once the images will no longer be of use.

All images will remain on site, unless prior explicit consent has been given by both DPO and DSL and the parent or carer of any child or young person captured in any photograph. The DPO and/or DSL reserve the right to view any images taken and can withdraw or modify a member of staffs' authorisation to take or make images at any time.

Only official setting owned equipment and cameras will be used by staff to capture images of children for official purposes. Use of personal equipment and cameras by staff is prohibited.

Any apps, websites or third-party companies used to share, host or access children's images will be risk assessed prior to use.

The school will ensure that images always are held in accordance with the General Data Protection Regulations (GDPR) and Data Protection Act, and suitable child protection requirements, if necessary, are in place.

Photographs will be disposed of should they no longer be required. They will be returned to the parent or carer, deleted or shredded as appropriate. Copies will not be taken of any images without relevant authority and consent from the DPO and/or DSL and the parent/carer.

Parents/carers will be informed of the expectations regarding safe and appropriate use (e.g. not sharing passwords or copying and sharing images) prior to being given access. Failure to comply with this may result in access being removed.

Safe Practice when taking images and videos

Careful consideration is given before involving very young or vulnerable children when taking photos or recordings, who may be unable to question why or how activities are taking place.

The school will discuss the use of images with children and young people in an age appropriate way.

A child or young person's right not to be photographed is to be respected. Images will not be taken of any child or young person against their wishes.

Parents/carers are only permitted to take or make recording within designated areas of the school. Photography is not permitted in sensitive areas such as changing room, toilets, swimming areas etc.

The right to withdraw consent will be maintained and any photography or filming on site will be open to scrutiny at any time.

Parents may contact the school DPO/DSL to discuss any concerns regarding the use of images.

Photos and videos taken by the school and shared with parents should not be shared elsewhere, for example posted onto social networking sites. To do so may breach intellectual property rights, data protection legislation and importantly may place members of the community at risk of harm.

Use of photos/videos by children

The school will discuss and agree age appropriate acceptable use rules with children regarding the appropriate use of cameras, such as places children cannot take the camera, for example unsupervised areas, toilets etc.

The use of personal devices e.g. mobile phones, tablets, children's own digital cameras, is covered within the school mobile phone and/or online safety policy.

All staff will be made aware of the acceptable use rules regarding children's use of cameras and will ensure that children are appropriately supervised when taking images for official or curriculum use.

Photos taken by children for official use will be carefully controlled by the school and will be checked carefully before sharing online or via digital screens.

Still and video cameras provided for use by children and the images themselves will not be removed from the setting.

External photographers who are engaged to record any events will be prepared to work according to the terms of the settings online safety policy.

Photographers will sign an agreement which ensures compliance with GDPR and the Data Protection Act.

Images taken by external photographers will only be used for a specific purpose, subject to parental consent.

Photographers will not have unsupervised access to children and young people

Children's Images: Frequently Asked Questions for Parents/Carers

Why do we need a policy?

Schools, playgroups, nurseries and youth groups have always used photographs as a way of celebrating achievement or seeking publicity for fundraising etc. Families

and children often enjoy seeing their loved ones in print or on a website. We want to ensure that everyone can continue to enjoy these activities safely. However, parents/carers need to be aware that placing any identifying information in the public domain has risks and will need to understand these issues to give properly considered consent. It is important that parents/carers and educational settings can fully consider the issues before any problems can arise.

So, what are the risks?

The most highly publicised and worrying risk is that a child who appears in the paper or on a web site may become of interest to a predatory sex offender. Locating people through the internet has become extremely easy, using widely available software, so if there is a picture and the name of a school/setting together with the name of the child then it could be quite easy to find out the child's address and even work out their likely route to school/setting. There are also other specific groups of children and families whose safety could be put at risk if identified e.g. families fleeing domestic abuse. To limit these potential risks, we will take appropriate steps, as outlined in the attached consent form, to safeguard children and the wider community.

Isn't this just scaremongering?

Sadly not. There have been cases of families receiving unwelcome phone calls following appearances in the press. However, this is rare, so it is important to have a sense of proportion in these matters. Remember we want to celebrate success and achievement but parents must be aware of risks to make an informed decision.

What about school/setting websites?

The same concerns apply to school/setting controlled online sites; there is an added concern that images of children can be copied, manipulated or changed by another person. We can try to copy protect images and will use lower quality images, but this can be bypassed so cannot not be relied upon to keep images safe.

I want to do my own recording of the school/setting play/event is this okay?

Taking pictures or recordings of your own children for your own personal use is okay. The difficulty arises when other children are also filmed. It is important that we are all aware that some members of the community may be vulnerable and must not have their image shared online as they could be put at risk from harm. You may not always know these people and we need everyone's support to protect the whole community. It's also important for us all to role model positive behaviour for children, so it might be a sensible idea to check first before posting any images online which contain children other than your own.

Parents/carers should not copy images from the school website without appropriate permission from the school.
